

Hi, I'm Cody Evol.

A problem solver. A forward thinker. An information architect.
Your new User Experience designer.

Mission:

To provide sensitive visual communication solutions to everyday problems by practicing resourcefulness, creativity, forward thinking, and vision.

Education:

Arizona State University
Tempe, Arizona
Attended 2006 - May 2010 while working full time
BSD in Visual Communication Design
Magna cum laude

Experience:

US Airways/America West Airlines
June 2003 - Present
Tempe, Arizona
Sr. User Experience Designer - Content and Usability team
Currently working with a team of 4 to design, develop and user test high fidelity functional prototypes using Axure and HTML for applications on usairways.com and usairwaysvacations.com. Applications that I have designed include: web check-in, user profiles, flight status, flight information displays, check-in kiosk, and transactional emails. Collaborative projects include: booking engine, seat map, homepage design, and manage reservations. Closely work under requirements from e-commerce and an agile development cycle. Work with developers to help code CSS and create specification documentation and standards. Other work includes designing various online marketing items like emails, promotional pages, banners, and flash movies. Coached and mentored new team members.

postmachina
Summer 2009
Amsterdam, Netherlands
Graphic design internship in Amsterdam. Made logos and website mockups for various clients of the studio.

evol creative
1998 - Present
Phoenix, Arizona
